

**NAVICULA.M LTD./
BIURO OBSŁUGI INICJATYW
EUROPEJSKICH LTD.**

- The NAVICULA.M company is located in Lodz

- Lodz is the third largest city in Poland
- The population is about 700 000 people

- Lodz is an academic center (6 public and 22 non public colleges/academies) and also cultural and industrial center.
- Before the political and economic changes in 1989, it was the center of the textile and film industry.
- 6 km from the center of Lodz there is Lodz International Airport.

WHO WE ARE?

- Our company was established in February 2001 as an economic establishment at the "RELEASE" Foundation.
- In December 2001, it was registered limited company, named European Initiatives Office (BOIE).
- Due to the development of the company and the expansion of the range of services offered, in March 2018 we decided to change the name of the company to NAVICULA.M.
- NAVICULA.M is an institution with over then sixteen years of experience of successful implementation of projects co-financed by the EU and the Polish authorities.

WHO WE ARE ?

- NAVICULA.M has experience in organizing courses/workshops/trainings for unemployed people and other groups at risk of social exclusion (people with disabilities, seniors, social welfare recipients, homeless people).
- We know, therefore, how to work with disfavoured groups and how important it is to offer them “tailor-made” training courses addressing their specific needs in the most accurate way.
- We know also how important it is to combine social, cultural and professional activation.

WHO WE ARE?

- NAVICULA.M has also experience of implementation of the self-employment trainings and how to create e-businesses for unemployed and disabled people. We focus on social inclusion and on integration of long-time unemployed and disabled people within the labour market.

MAIN ACTIVITIES OF NAVICULA.M

- Promotion of the idea of Longlife learning and implementation of EU projects
- Integration and reintegration of the unemployed, disabled and seniors with the labor market
- Social inclusion of these groups, also through the implementation of cultural projects
- Promotion of culture, film and music production
- Conducting research on the labor market and social assistance
- Implementation of trainings, courses and workshops for employees of Provincial and District Job Departments, District Family Support Centres and Social Assistance Centres
